

*Empower a Youth in India to Realize Their University Ambitions  
& Change the Course of Their Life!*

## **A. Dinesh**

### ***Physiotherapy***

Dinesh, currently in 12<sup>th</sup> grade, is an orphan. He lost both his parents during childhood. His uncle raised him and his older brother, who graduated with a Bachelor of Computer Application. While their uncle paid for his older brother's studies, he is no longer able to keep on supporting Dinesh financially.

Dinesh would love to become a physiotherapist and support people in his community, especially other orphans. He knows where he wants to study – at the Christian Mission Hospital in Vellore – and has already mapped out his course plan. He is very serious about his future and would love to be given a chance to learn, graduate, and give back to other youth like him who have had to overcome hardship in their lives.

**For just \$30/month, you can make  
Dinesh's university dreams a reality!**

Dinesh has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Dinesh is eligible for financial support to cover his university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
