

*Empower a Youth in India to Realize Their University Ambitions & Change the Course of Their Life!*

## **E. Jayanthi**

*Medicine*

Jayanthi grew up without her parents. Her mother died shortly after giving birth. Her father also died when she was a young child. She is devastated that she cannot remember their faces. She is very grateful to her aunt, who raised and guided her, but who is not able to afford university fees for Jayanthi.

Jayanthi feels quite alone in the world and is hoping someone in the Visions' network will support her. Currently in 12<sup>th</sup> grade, she is studying to take her medical school entrance exams, also known as the "NEET" (National Eligibility Entrance Test). Her dream is to one day become a doctor. As the NEET is an extremely competitive exam though, Jayanthi has decided to pursue nursing as a back-up. She has a great passion for healthcare and hopes to help support her community through her professional work.

**For just \$30/month, you can make Jayanthi's university dreams a reality!**

Jayanthi has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Jayanthi is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled

recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
