

*Empower a Youth in India to Realize Their University Ambitions  
& Change the Course of Their Life!*

## **M. Chandraleka**

### *Nursing*

Chandraleka, like so many of her peers, hails from a family that struggles financially. Her parents are both day laborers and earn very little. Her eldest sister had to quit studying after high school when her marriage was arranged. Another older sister is home but helps her parents by working. Chandraleka has a younger sibling in public school as well.

Chandraleka has attended one of our after-school Visions Learning and Empowerment Centers for years. Through the leadership curriculum, she has learned to dream and plan for her future. She dreams of one day becoming a nurse. However, her older sister at home tries to control her decisions and constantly tells her to quit her studies to help the family financially.

Chandraleka knows that securing a job as a nurse will allow her to earn a steady income, which in turn will help her to support herself and her family. More importantly, she wishes to make a difference in her community by helping those living in poverty with their medical needs. Getting a university degree would allow her to make a positive difference on both a personal and societal level.

**For just \$30/month, you can make Chandraleka's university dreams a reality!**

Chandraleka has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Chandraleka is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
