

*Empower a Youth in India to Realize Their University Ambitions
& Change the Course of Their Life!*

R. Nishanthi

History

Nishanthi has big plans for the future! While her family life is difficult, she wants to make a difference in the lives of her community. Her mom is the only actual caretaker in the family and also works as a day laborer, earning very little money. Her mom takes care of the whole family, including elder grandparents who live with them. Her older sister is studying to be a nurse, but university simply does not look like a possibility for Nishanthi.

Nishanthi has attended one of our after-school Visions Learning and Empowerment Centers for years. She has enjoyed learning there and in school, and she sees herself as a leader. She is keenly aware of the challenges facing low-income people in her community and wants to change the system that makes them feel disregarded and disrespected. She noticed, for example, that the district collector is not approachable. She wants to change that by studying History and becoming an Indian Administrative Service (IAS) member. She wishes to become a district collector and be kind and approachable. She also wants to give back and bring positive change to the lives of young people studying for their futures. With Visions' support, Nishanthi's future is bright and full of possibility.

**For just \$30/month, you can make
Nishanthi's university dreams a reality!**

Nishanthi has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Nishanthi is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
