

*Empower a Youth in India to Realize Their University Ambitions
& Change the Course of Their Life!*

S. Nirosha

English

Nirosha is already studying at university, where she is in her first year of an undergraduate English program. She loves English literature and wants to become an English teacher. However, her parents, who are both day laborer, cannot afford to continue paying her university fees. Her sister was forced to stop her studies to work and help the family financially, and Nirosha is fearful that she will have no choice but to make the same heartbreaking decision. Nirosha has two younger siblings in public school, and their fate is equally uncertain.

If Nirosha is able to continue her studies and one day become an English teacher, she will be able to help her family with daily expenses and with any school fees for her siblings. With a strong passion for the English language, she will have both a fulfilling career and the ability to support and mentor other children.

**For just \$30/month, you can make
Nirosha's university dreams a reality!**

Nirosha has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Nirosha is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
