

*Empower a Youth in India to Realize Their University Ambitions
& Change the Course of Their Life!*

V. Anandi

Beautician and Fashion Design

Poverty has played a major role in Anandi's life and upbringing. Her two older sisters both had to discontinue their studies due to a lack of resources, and Anandi is fearful she will share the same fate. Her father is not present and her mom only earns very little wages as a day laborer, which makes Anandi sad about her future prospects. With a younger sister as well who is still in public school, she is afraid that she, too, will have to work and help her family.

Anandi wishes to help her family with a steady income. She has actively attended one of our after-school Visions Learning and Empowerment Centers and has great ambitions for her future.

She loves drawing and has a talent for fashion. She knows that with financial support she can excel in her studies and find a job after graduation, which will help her support her family while building a life for herself.

**For just \$30/month, you can make
Anandi's university dreams a reality!**

Anandi has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Anandi is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
